At Bayside Church, they are passionate about worship! They value and express worship through the arts, believing it can be both exciting and sacred all at the same time. In a recent interview with Outreach Magazine Senior Pastor Ray Johnston said, "We believed from the outset that authentic worship could be contagious enough to blow the roof off the place." And that's what you'll find at Bayside.

Whether worship is led by Worship Pastor Lincoln Brewster, or one of the other worship leaders, their goal is for each person's understanding of worship to be expanded!

Their philosophy of ministry made it very exciting for CCI Solutions to partner with Bayside. CCI Solutions loves the challenge of building an atmosphere of excitement and creativity in a cutting-edge worship service.
