

C3500

DLIVE REMOTE CONTROL SURFACE

The C3500 is a 24 fader dLive remote control surface with 2 x 12" capacitive touchscreens.

The C3500 can control any MixRack / Mainframe. Up to 4 control Surfaces can be connected to a single MixRack / Mainframe.

24 Faders & 24 rotaries are freely assignable in 6 layers on the surface, giving 144 control strips.

The dLive C3500 can be connected with a Single CAT5e cable to the MixRack / Mainframe

With the C3500 surface you can choose the control for the end-user through custom layouts and user permissions.
