

## Products

**HSP 2** Model No. 09862

### General Description

High-quality permanently polarized condenser headmic with omnidirectional pick-up pattern, designed for professional "hands free" applications. The adjustable neckband is visually unobtrusive and very comfortable to wear. With steel wire cable and 3.5 mm lockable mini-jack for connection to evolution wireless Series bodypack transmitters.

### Features

- Individually adjustable to all head sizes
- Neckband design keeps the microphone clear from shirt-collar or clothing
- Extremely thin microphone boom (Ø 1.1 mm), can be attached to the left or right side
- Microphone boom is adjustable in length and angle
- Patented Umbrella Diaphragm protects the microphone against sweat
- Connection cable can easily be interchanged
- All metal parts coated in a physical vapour deposition process
- Can also be used with the cardioid HSP 4 boom microphone

### Delivery Includes

- Boom microphone
- Neckband
- Connection cable
- Plastic transport case, foam-lined with cut-outs
- Caps for altering the frequency response
- Operating instructions
